SAUNDERS HAS NO OPPOSITION

Friends of Judge Southall Announce His Withdrawal Before Caucus Meets

FIGHT IS POSTPONED

Choice of Prohibition Commissioner Passed by—Other State Officers Renominated.

Richmond, Jan. 17.—Congressman E. W. Saunders, of the Fifth District was Thursday night nominated by the joint Democratic caucus to succeed Judge Stafford G. Whittle, of Henry County, as judge of the Supreme Court of Appeals of Virginia.

Nomination of a Commissioner of Prohibition was passed by.

These were the outstanding features of the caucus, which was called for the purpose of nominating a successor to Judge Whittle and other Circuit Court judges and four State officers.

Nomination of judges and other State officers out of the way, James H. Price, member of the House from the city of Richmond, and chairman of the caucus, asked for nominations for the office of Prohibition Commissioner.

Parke Deans, delegate from Isle of Wight, was on his feet before the last words had died on the lips of the chairman. He moved that the matter be passed by. An "aye" and "no" vote was taken, and the resolution was carried.

A bill was presented in the house of delegates abolishing the office of the State prohibition commissioner. It carried the names of sixteen patrons.

Bills will later be presented providing machinery for the proper enforcement of the prohibition laws.

The name of the prohibition commissioner was not placed in nomination at the joint lesigiative caucus because a movement is on foot looking to a "compromise," which will provide that the office of the prohibition commissioner be continued for twelve months, at which time it would automatically cease to exist.

Commissioner Peters' term of office expires September 1, 1920. The Commissioner of Prohibition is elected by the General Assembly for a period of two years.

The matter of nominating a judge of the Second Judicial Circuit and the Corporation Court of Buena Vista also went over. The last named court will become a Circuit Court, and Judge James L. McLemore of the second circuit, the incumbent, has announced a determination not to offer for reelection. The matter of selecting his successor will wait for a time.

State officers were renominated to succeed themselves, as follows:

Auditor of Public Accounts—Charles Lee Moore, of the city of Alexandria.

Second Auditor—Rosewell Page, of Hanover County.

Register of the Land Office—John W. Richardson.

Superintendent of Public Printing—Davis Bottom.

Corporation Court of the City of Bristol—Judge Floyd H. Roberts, to succeed himself.

Corporation Court of the City of Radford—Judge Robert L. Gardner to succeed himself.

Sixth Judicial Circuit—Judge William R. Barksdale, to succeed himself.

Tenth Judicial Circuit—Judge R. Carter Scott, to succeed himself.

Fourteenth Judicial Circuit—Judge R. Gardiner Tyler, to succeed himself.

Eighteenth Judicial Circuit—Judge Henry W. Holt, to succeed himself.

Twenty-Second Judicial Circuit—Judge Fulton Kegley, to succeed himself.

ENTERS NINETEENTH YEAR

Cardinal Athletic Club Make Plans For Coming Year

The Cardinal Athletic Club will enter its nineteenth year of athletics during the coming baseball season, and its members are determined to make it a banner year. The Cardinals are among the oldest sand lot independent amateur athletic organizations in America, and have numbered many atheltics stars on their membership roster during their many years of activity.

Like many sand-lotters, the Cardinals have had their bright and darks days, and, while other strong organizations have passed out of the athletic world, the Cardinals have braved the storm and have never failed to pay their obligations incident to all games, and the club is now free from debt in every particular.

For ten years the Cardinals' headquarters have been at 1322 King street, at the corner of King and West streets, where comfortable and spacious rooms have been provided for their meetings. The first yearly meeting will be held at an early date, at which time new officers will be elected, and business relating to matters incident to the success of the club will be discussed.

DEMAND EX-KAISER

Holland is Expected to Refuse to Deliver Former German Monarch

Paris, Jan. 17.—The Supreme Council approved yesterday the text of a letter to the Dutch Government asking for the extradition of the former German Emperor.

The general expectation in French circles is that Holland will refuse to deliver the former monarch.

It is pointed out in Supreme Council circles that in case the Dutch Government is disinclined to deliver Count Hohenzollern, it has a foundation for its resistance in the fact that the offenses named in the peace treaty, namely, "crimes against international morality and the sacredness of treaties," are not provided for in Dutch laws nor in the treaties between Holland and the Allied powers regarding extradition.

STUDIO IN UPROAR

There is confusion personified out in California at the Mack Sennett Comedy studio. When Mr. Sennett made it known that he would permit several of his bathing beauties to journey to Alexandria and appear in person with his latest feature film "Yankee Doodle in Berlin," the whole studio went wild. Every girl wants to come and poor Mack Sennett don't know what to do. If he lets so and so go, he will have to tie up a picture half in the making. If this bathing doll goes, it means a certain number of films a year. If he were to assent to the demands of the bathing beauties and let whoever wanted to go make the trip, he might as well shut up the house during the engagement at the Ingomar Theatre. But you may rest assured that whoever does come, will be class from beginning to end, and of the original Sennett Diving Girls. Here next Tuesday and Wednesday

DREADNOUGHTS WIN FROM VIRGINIA A. C.

Captured Hard Fought Basketball Game in Local League, 31 to 19.

OTHER SPORT GOSSIPS

Two Snappy Games Booked Tonight, One at Lyceum and One at the Armory.

Playing whirlwind basketball which completely swept the Virginia Athletic quint off its feet, the Dreadnoughts captured a hard fought and hotly contested basketball game last night at the Armory, 31 to 19. At no time during the contest, after scoring the first basket were the Dreadnoughts halted in the mad dash for the big end of the score.

Jim Alexander, star of the Big V lads, was guarded as never before, Mike Frasca holding him throughout the melee Jim's shooting was good, when he could get loose, his one shot in the first half being a long, loop from the far side of the court, the ball being caged without touching the rim.

Howard Lovrain, although getting a late start in the contest, caged four baskets by some snappy twisting, while the offensive work of Ike Dreifus and Tommy Crilly was also above par.

Better passing, good shooting and excellent guarding defeated the Virginias. The game was witnessed by the biggest crowd of the season, and it was a snappy contest all the way through. Capt. Hans Kramer, of the Engineers School at Camp Humphreys, referred the contest, and he did a man's sized job. It was the unanimous opinion of the spectators that the officiating was the best ever seen on the Armery floor.

Two Games Tonight

Tonight, local basketball fans have two good games booked, The Dreadnoughts meeting the War Department team at the Armory and the Lyceums playing the Silent Five at the Lyceum.

The Silent Five is composed of Deaf and Dumb players, and have a good record to date. Manager Wheatley's aggregation is out for blood, and expect to send the Silent Five back to Washington with the short end of the score.

The War Department aggregation is also a fast team, having defeated some mighty snappy organizations so far this season, and Manager McDonald's crew will have to go fast to win. Both games will start at 8 o'clock.

Monday night, the 5th Engineers of Camp Humphreys hook up with the Virginias, and another good game should result. Friday, the Lyceums and the Dreadnoughts meet in a league contest at the Armory.

MAN RUNS AMUCK

Police Rush Scantily Clad Individual After Terrorizing Women

Reading, Pa., Jan. 17.—A number of lives were endangered in the north western section of the city yesterday when a demented man ran amuck with a butcher knife and routed many families from their houses before he was overpowered. He gave his name as Elya Motrovis, aged 48 years. He was locked up.

Scantily clad, the man suddenly burst from a house and, wellding a dangerous-looking knife, proceeding to chase women and children. He followed them into their homes and forced entire families to flee to safety. Several men attempted to capture him, but he held them at bay until the arrival of the police, who rushed him and grabbed the weapon. Motrovis was arrested before for a similar performance.

PROPHECY COMES TRUE

Forty Years Ago Late W. F. Carne Told of City's Commercial Future

In view of the rapid changing of Old Alexandria, the historic, into Greater Alexandria, the manufacturing city it is interesting to recall a prophecy which foretold this change, uttered forty years ago. At the Contennial celebration of Alexandria, in March, 1880, the late William F. Carne, delivered the oration.

After the resume of its history which formed the theme of the oration, he continued by describing Washington city with its many schools and universities as the city of art and science. Then with a keen vision, he seemed to see the days through which Alexandria is now passing and closed his speech with these words, then prophetic and now true:

"Literature will not be for us but we shall not want it for I see two giants coming,—coal and iron. We shall make new schools. Our academies shall be schools of applied science—workshops that will keep the arm strong and feed the busy brain with thoughts that will leap out into inventions like Minerva from the brain of Jupiter. This is our hope and when another century shall have passed and my bones and yours are bleaching in yonder graveyard, the orator of Alexandria's next Centennial in 1980, shall tell that when the good ship Alexandria, that with all sails set, started in 1780, was, in 1880, ashore, rudderless, bilged and plucked by wreckers,—all hope of commerce gone, her crew did not despair, but went ashore and set the land aflame with their furnace fires, plucked prosperity with strong arms from the mountain's stony depths and renewed the town. And he will say: 'Take the ship from the town seal—let it be her emblem no more—Ocean Commerce is gone, but place there a figure of the bloomery that was first lit at the water's edge in 1880—one hundred years ago and with it the motto that shall tell that Alexandria has, "Plucked from the mountain's crevice, as a flow'ret of the soil, the nobility of labor—the long pedigree of toil."

A COSTLY MISTAKE

Macauley Gets $100,000 Verdict for False Arrest

New York, Jan. 17.—A verdict of $100,000 damages for malicious prosecution was awarded in the Supreme Court here to Alexander P. Macauley, a mining engineer, of Toronto, against Theodore B. Starr a Firth avenue jeweler, who mistook Macauley for "Christmas" Keough, a notorious forger and had him arrested as the passer of a fraudulent check.

Keough was later arrested in Altoona, Pa., on other charges, positively identified as the principal in the check case, and now is serving a term in State Prison at Joliet, Ill.

The defense was that Keough is a "double" of Macauley and photographs produced in court showed a striking resemblance. Macauley proved that he was not in this city when a fraudulent check was passed on the jeweler.

Macauley has suits for $250,000 each pending against two other New York firms. It cost him $50,000 to clear himself, he testified.

NATION IS NOW DRY

The knell of King Alcohol sounded at midnight last night in all parts of the United States.

At that hour the government unleashed some 1500 sleuths to enforce the law and compel obedience to the Eighteenth Amendment to the Federal Constitution.

The United States is the frist nation to attempt national prohibition as a condition by its basic law.

While the nation became "dry" last night, it made no practical difference to the "wets," for the country had been under practical prohibition for months past. Men of forethought who had provided themselves with the means of future solace displayed considerable activity during the past few days in having their supplies transferde from warehouses and safety vaults to their own homes, for now no liquor is safe from seizure that is not in a man's home.

Despite this activity, however, there remains millions of gallons of whisky in bonded warehouses with no chance whatever of usefulness except for medicinal and scientific purposes. During the past two months many owners of liquor have shipped their goods to Cuba and the Bahamas. There were 70,000,000 gallons of whisky on hand when wartime prohibition went into effect and it is estimated that about 20,000,000 gallons were exported. There remains then 50,000,000 gallons whose only future lies in the sick room or the laboratory.

While the "wets" in New York and other cities were revelling in a farewell wake to John Barleycorn the "drys" all over the country were holding great demonstrations of victory, foremost among which was the celebration in Washiigton at which William Jennings Bryan was the foremost figure.

Billy Sunday conducted funeral services over King Alcohol in Norfolk last night.

How many millions of dollars of capital invested in the business and how many thousands of men have been thrown out of employment and the amount of wages paid there is not disclosed.

DEMAND FOR EX-KAISER

A note to the government of Holland from the Supreme Council calling for the yielding up of the person of the former Kaiser marks the first direct step in what may be long drawn out maneuvers to secure custody of the man who has been charged with crimes of international consequence, and cited to appear before an international tribunal.

Professing that they will be guided by the highest ideals of international morality and justice, and avowing their duty to fix the punishment for the crimes when proven the Allies, in the appropriate article of the peace treaty, made the trial of the one time emperor one of the features that Germany was bound to accept, and which it did accept.

As the Baltimore American says, "in view of this fact the government of Holland will have some difficulty to dodge the demand that it would respond to with reluctance. The United States is not a party to the trial of the former head of the German state other than as it was a party to the framing of the peace treaty. The status of the head of the Hohenzollerns is indefinite as a fugitive, and it must needs be fixed in one way or the other for the credit of the Allies, and for the satisfaction of history."

DANGER TO LIBRARIES

Having banished from the shelves every volume containing even a hint of the processes of manufacturing alcoholic beverages, the librarian of the Public Library at Springfield, the Massachusetts city where the Republican is published, ought in the interests of morality to furnish a complete list of his expurgations. This is suggested by the Philadelphia Inquirer, which says "laws were made to be enforced, and since the Volstead law forbids the display of those wicked words, wine, beer and whisky, it is difficult to see how books accessible to impressionable youth can be exempt. The encyclopaedias, must, of course, be on the list.

All these words contain more or less detailed descriptions of the processes of wine-making; for example. It would probably be difficult for the amateur to put these descriptions to practical use. Nevertheless, it is an admitted fact, that dwelling upon crimes has a predisposing effect on the mind; and to make or drink wine is now a crime. The more we are able to wave it away with a Podsnapian gesture implying its non existence, the better it will be for our moral health.

"If the Springfield librarian has been perfectly consistent in his Rhadamanthine edict, many scientific works, particularly those on organic chemistry, have been removed. Nature persists in processes of fermentation, regardless of Congress. Her case is hopeless; but at least the innocent may be spared all knowledge of her misdeeds. If we are to have a denatured literature we must not shrink at any sacrifice, even the excision of offending passages of Scripture or of poets whose enthusiasm for strong drink has carried them into grave improperties of expression. If it were done when 'tis done, then 'twere well it were done quickly. There should be no delay in giving out the Springfield list. Let us not burst in ignorance."

MORE DIE IN GERMAN RIOTS

Essen, Jan. 17.—Several persons have been killed and wounded in disturbances at Duisburg, Stedtrade and other towns in the industrial district where 20,000 miners are striking. The Duesseldorf region has been declared under a strict state of siege.

Troops have intervened at Frankfort to enforce orders prohibiting an independent Socialist demonstration protesting against the "assassins of Berlin."

London, Jan. 17.—The strikers on the German railways have resumed work in a majority of the districts, says a Central News dispatch from Berlin yesterday. The men, it is said, received wage increases of 200 marks monthly, while the salaries of officers were increased 150 per cent. These increases, it is stated, will bring about a deficit of an additional 1,500,000,000 marks for the railways, which probably will lead to another rise in rates.

Berlin, Jan. 17.—Notwithstanding the government's order prohibiting such gatherings, a memorial meeting for those killed in the revolutionary outbreak last year was held in the Communist Hall Thursday. The assemblage numbered 10,000 persons, but there was only one minor clash, the security police having taken efficient measures to preserve order.

FOUR BURN TO DEATH

Hammond, Ind., Jan. 17.—Four men were burned to death and nine others were fatally burned when a still at the Sinclair Oil Refining Company plant in East Chicago exploded last night.

The explosion occurred while the shifts were changing. Officials have started an investigation.

BITTER AGAINST DRYS

Rhode Island Wets to Fight Them at the Polls

Providence, R. I., Jan. 16.—The Providence Retail Liquor Dealers' Association yesterday voted to organize to defeat for re-election any candidates who were instrumental in bringing about prohibition and all new candidates for public office understood to be unfavorable to a "proper solution of the present problem."

"The amendment was put over on us at a time when any number of protests from us would have been branded as pro-German," declared Thompsen, president of the local association.

Most of the saloons here will remain open for the sale of such soft drinks as the law, "such as it is," will allow until "the issue has been fought out to a finish," he said.

PUTTING ON THE FACTORY FINISH

Some shoe repairers do good work repairing a shoe but fall down on the shaping and finishing of it. That's where we shine. We learned our trade where shoes are made and finished in the first place, and so we know how to add that last touch which makes or mars a shoe. When you get our shoe, you'll say, "Looks just like a new one."

TREATY FIGHT

Democrats Confer With Lodge Agree to Withhold Details of Meeting

W. J. Bryan today continued his campaign among Democratic Senatosr for immediate ratification of the peace treaty, through a Democratic surrender to the Republicans, if no other way is possible. Bryan, who came to Washington late yesterday is scheduled to see a number of Senators today.

Despite the fact that his proposal that Democratic members walk out of the Senate chamber and let the Republican majority ratify the treaty with the Lodge reservations was not taken seriously by the Democrats, Bryan continued to urge it as a last resort.

RUDE INTERRUPTION

Intruder With Gun Covers Couple. Demands Food, Breaks Windows, Flees.

West Chester, Jan. 17.—Miss Maggie Haggerty, who is the owner of a farm in London Grove township, Chester county, with a gentleman visitor William Bromall, met with a surprise as they sat beside a warm stove in the Haggerty reception room Thursday night, when a door leading to an upper floor opened and a masked man of commanding appearance appeared bearing a revolver with the appearance to the couple of a machine gun Covering the couple with the weapon he demanded that Miss Haggerty produce something to eat. With trembling hands she set before him a steaming cup of coffee, a pie and other things, while Broomall remained at attention.

"Get into the next room," commanded the visitor, and the couple obeyed. Then the man with the mask instead of partaking of the good things prepared calmly broke a window light, crawled out and threw a large stone through another light. He was joined by a companion and the two walked away along the road. Just what the intentions of the men were is not known. Nothing had been taken from the rooms on the floor above.

We'll Help You Tell the World

And you need our help—for no matter how successful the man of affairs is in his own line, he can't do his own printing.

Yet, if his training made it possible, he might well do the work himself. For—

Your printing is yourself.

Ever open a letter with a smeary type heading; or glance at a circular so chuck full of black, heavy type it hurt the eyes; or receive a folder cut "on the bias"; or have an office or factory form with half its lines illegible and the printing not straight with the paper?

Just remember what YOU thought—then think now, are you as proud as you might be of all YOUR OWN printing?

It may be only a letterhead, but with it you "tell the world" your personal and business characteristics, ambitions and attitude toward life. Why not tell the world what it will listen to—by means of GOOD PRINTING?

Wherever good printing is produced, there you are likely to find this mark—the trade mark of the United Typothetae of America. (International Association of Master Printers). We are members of this organization and heartily subscribe to its high Code of Ethics, and the square business methods it represents.

VIRGINIA NEWS

C. C. Vaughan, of Franklin, was yesterday afternoon elected president of the Virginia Good Roads Association at the annual convention. R. H. Angell, Roanoke, vice president; D. B. Ryland, Lynchburg secretary treasurer. Resolutions were passed asking for issuing bonds to improve highway.

There was no little excitement at Opal, a village near Warrenton, Va., on Thursday night, January 8, when a few citizens took Loyal S. Johnson out of a woman's bedroom, gave him a good whipping with a hickory switch, and then applied a coat of tar and feathers. Johnson formerly was from Elkins, W. Va. He has left the community.

James Jackson, colored, pleaded guilty yesterday in hustings court of Petersburg to six charges of burglary. His punishment was fixed at 30 years' imprisonment in the penitentiary. Jackson, who is 23 years of age, is from Wilmington, N. C.

Fire which broke out in the basement of the Marion National Bank building early yesterday destroyed the building and its contents, entailing a loss estimated at $30,000. The origin of the blaze is unknown

Heber Farmer, of Caroline county, was accidently shot while hunting in the county several days ago died of shock and loss of blood about three hours later. The wound was in the knee and was caused by the gun of a companion becoming entangled in some bushes which caused it to be discharged.

John Mitchell, colored, editor of the Richmond Planet, one of the wealthiest negroes in the State of Virginia, was arrested yesterday by revenue officers for alleged violation of the war time prohibition measure. According to the government agents Mitchell printed pamphlets which contained formulas for making liquors. The work is said to have been done for a man in Newport News. The accused man was released on $1,000 bail and will be given a hearing before the commissioner January 27.

Ten thousand persons in Norfolk who alternately cheered and wept yesterday afternoon heard Billy Sunday preach his last sermon against liquor as an ally of the devil and verbally kick the deceased "John Barleycorn" into a grave of shame and dishonor. The ceremony began with the arrival of "the corpse" at the Union Station on a "special train from Miliwaukee." The coffin was 20 feet long. The devil himself was the escort and 20 pallbearers lifted the casket into the hearse in which it was conveyed through the streets to the tabernacle. Sunday was not in the procession. He met the "corpse" at the tabernacle and grinned delightedly as the huge casket was placed in the tabernacle at his feet. The devil, masked and dejected in appearance, sat close by the corpse during the entire ceremony.

WORLD'S END COMING?

"We are living at the end of the Gentile age," said the vicar of Matlock Bath, England, in a sermon, "and according to calculations made upon proved prophecies the end is due in a few years."

What he wished to impress, he added, was that before them was the second coming of Jesus Christ, which might be any day.

"Significant signs today fulfill St. Paul's prophecies, and the world itself is getting darker and darker in its immorality, selfishness, pleasure-seeking, and it thousands of divorce cases."

JAPAN HAS FREE HAND

State Department Makes Known Terms of Note Last Night

Washington, D. C., Jan. 17.—Japan will be given a free hand by this government in dealing with the menace of Bolshevism in its eastward advance under the terms of the note from the State Department to the Japanese Government made public last night.

The note was handed to the representatives of the Japanese Government in Washington [illegible] in answer to a diplomatic inquiry. Its release until yesterday was delayed in order that it might first be received and made public in Tokio.

That no aid would be afforded by the United States in checking the eastward spread of Bolshevism was made plain in the note, as was also the intention to withdraw the American forces from Siberia as soon as evacuation of the Czecho-Slovak army shall have been effected.

COD LIVER OIL— WINTER'S BEST TONIC

As Most People Dislike the Oily Taste Ask for CHASCO-VIN, The Wine of Cod Liver Oil. Pleasant to Take and Good For Young and Old

There is much to be thankful for in the fact that scientific effort found a means to do away with the fatty and oily taste of cod liver oil and in a preparation which they called Chasco-Vin gave us the tasteless extract along with Hypophosphites and Iron, wonderful preparations in themselves, one to sooth the nerves, the other to make rich red blood.

You can get Chasco-Vin at Edgar Warfield's Drug Store, corner of King and Pitt Streets.

EDITORIAL

It has always been the policy of this store to refrain from advertising sales with merchandise that there was no cause for them and consequently they have not been frequent. But in these days of high prices, the prices of a great many of our lines have become prohibitive. We are therefore forced to discontinue quite a few and we wish to announce that on these numbers, we have greatly reduced the prices, some below cost; and we are confident that you will find here bargains of exceptional merit.

Essex Motor Cars

Essex Sets World 24-Hour Road Mark of 1061 Miles

UNMATCHED ENDURANCE PROOF MADE BY STOCK ESSEX OVER SNOW-SWEPT IOWA DIRT ROADS

Already driven more than 12,000 miles, an Essex stock touring car has established a new world 24-hour mark of 1061 road miles, over frozen, snow bound, dirt roads of Eastern Iowa.

Not a stop was made for repairs or adjustments. Running day and night, Essex completed the gruelling test without a halt except for fuel and oil. Not even a tire change was made.

The average speed was 47.3 miles per hour.

Essex Also Holds the World's 50-Hour Mark

An Essex stock chassis also holds the world's 50-hour endurance mark of 3037 miles, made under A. A. A. supervision, on the Cincinnati speedway.

In three starts, the Same Essex ran a total of 5870 miles in 94 hours, 22 minutes, actual driving time, averaging more than a mile a minute.

Doesn't It Settle the Light Car Question?

Prior to Essex, light weight in an automobile meant principally moderate price, and perhaps gasoline and oil economy.

Light cars had no distinction of speed or power. Buyers did not expect fine appearance and performance.

The coming of the Essex changed that. It brought fine car quality, speed, power and endurance to the light car field. Its performance was matched only in the large costly car class.

Is it any wonder that Essex has made a world's sales record of more than $35,000,000 paid for 22,000 Essex cars, in its first year?

We are already booking orders for spring delivery. There is no possibility that all buyers can be served. Now is the time to make your reservation.

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I taster oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

LIQUOR LOOT HOLDUP

Chicago, Jan. 17.—Six bandits tied up the yardmaster and seven members of a freight train crew in the Pennsylvania railroad yards early yesterday, broke into five cars, and escaped with 75 barrels of liquor, valued at $100,000.

Charles Gray, yardmaster, stated the bandits entered his office, bound him with rope, cut the telephone wires leading from the building, and proceeded to the yards.

They tied the engineer, firemen, three brakemen and two sweepers of the train crew and loaded the whisky into four automobiles. The helpless crew and yardmaster were not discovered until several hours later when the day crew reported for duty.

THE TEST THAT TELLS

Is the Test of ime. Many Alexandria People Have Made This Test

Years ago this Alexandria citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Alexandria reader demand more convincing proof? It's Alexandria testimony—it may be investigated.

Mrs. Milton Moor, 123 Duke St. gave the following statement on April 13, 1915: "Doan's Kidney Pills are one of our household remedies. I have used Doan's several times when I have had backache and general kidney disorder with very good results. I always recommend anything I know is good and I am sure Doan's are a fine remedy."

On March 14, 1919, Mrs. Moor added: "I praise Doan's Kidney Pills just the same as ever, for they have always been just as represented. If I have the least backache a few of Doan's are sure to give me relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moor had Foster-Milburn Co. Mfgrs., Buffalo, N. Y.

Doctors Everywhere

Recommend the Use of Camphorated Oil and Menthol Creams for Relieving Coughs, Colds, Croup, Catarrh, Pneumonia and All Congested Conditions.

The best form in which to apply a remedy of this kind will be found in Mintol which not only contains Menthol Camphor, Oil of Eucalyptus and many other healing and antiseptic oils but also contains germicidal properties which kill the grip or influenza germ. If Mintol is applied to the nostrils it sterilizes the nose and acts as a preventive as well as a cure for colds and catarrh.

If you will apply a little Mintol about the size of a bean to the back of the tongue it will sterilize the throat and relieve hoarseness, coughs and all throat troubles. When applied externally to the throat and chest it will break up congestion and prevent or relieve Croup, Whooping Cough and Pneumonia.

It is not necessary to use old-fashioned blisters which are often times either very disagreeable in odor or cause soreness and annoyance to the patient and those attending them. Mintol will be found the most effective, modern scientific treatment for all inflamed conditions. A jar in the home will protect the whole family from Coughs, Colds and often times prevent Pneumonia. If your druggist cannot supply you we will mail you a jar on receipt of price 35c, 60c and $1.25. The Home Relief Laboratories, Boston, Mass.
